ABOUT ME

I'm Lyubomir Valchev, a Web and Software Developer.

I was born in Bulgaria, Europe, but I've lived my whole life in Johannesburg, South Africa. I have completed my BSC-IT in Pearsons Institute and my honors degree in Computer and Information Sciences in Monash university. Currently, I work full time at Retro Rabbit as a intermediate web and software developer. I have 2 years of part time and 3 years of full time work experience. My skills include: C#, .Net Core, Entity framework, SQL Server, MySQL, ReactJS, VueJS, HTML & CSS. I also have experience in marketing and client management.

MBTI PERSONALITY

ESFJ-A / The Consul: People with the Consul personality type thrive on social order and harmony, and use their warmth and social intelligence to make sure that each person knows their responsibilities and is able to get done what needs to get done.

PERSONAL DETAILS

✓ Date of Birth: 05 July 1994.

✓ Gender: Male.

✓ Marital Status: Single.

✓ Driver's License: Yes (Own Transport).

✓ Willing to Relocate: Yes.

SKILLS

.NET CORE
65%

I have more than 3 years of experience working with .net core / C#. I have developed a CRM system using C# / .net core and the backend for a progressive web app.

SQL SERVER

Note: These are only a few of the projects I have worked on.

EXAM PORTAL CLOUD

Exam Portal Cloud solution is an online examination platform that allows Examination Bodies and Educational Institutes to conduct timed online exams in a secure online environment.
SENSEFLOW

A new planning and tracking tool that seeks to enhance your work and productivity to lead to a more rewarding work-life.
I was part of building a live productivity and financial dashboard.

DUMEZWENI WEBSITE
A front-end website developed for a company.

TRUCK TECH

Truck tech is a truck management system that can be used to keep track of delivery routes, diesel usage, driver management and much more.

QUICK SCORE PRO

Quick Score pro is a PWA which can be used to easily track and manage shooting matches, manage clubs, branches and registrations and to track personal scores. You can create a club and build you own matches from your private target bank with photos of the targets for participants and match officials

CLUB SCENE
Club Scene is an event promoting and night club management mobile web application and website dashboards which allows night clubs and other event venues to promote their events as well as manage their club/venue.
This application is in still in development phase.
